

Find something you are passionate about!

Everyone contributes a variety of knowledge and skills to their community. With the multitude of issues that have been amplified in 2025, find something that you resonate with. Whether that's healthcare, women's rights, inclusivity, unconstitutional acts, the list goes on; utilize your unique set of skills and knowledge to speak to wrong doings that you see.

Facebook group: Democracy Protectors of Canby, OR and surrounding areas

We the People are here to stay, and we have a lot to say.

Join the grassroots movement!

Let's stand together to defend and strengthen our democracy.

If our voices didn't matter, oligarchs wouldn't try so hard to silence us.

We stand up for equality, with equal access to food, healthcare, housing, and education.

Our group is made up of ordinary citizens, voicing our concerns with the threats to our democracy.

Join us for a peaceful protest or help lead one!

All protests are to remain peaceful.

Not everyone shares the same inclusive world views. Let them!

If interested in leading a protest, reach out via email or through the FB group both listed on the back of this brochure.

We the People
deserve better!

Democracy has never been perfect.

It is our duty to preserve and strengthen our democracy to work for all individuals. We have voices and we need to use them!

Every time one person stands up, it gives others the courage to do the same.

We rise by lifting others

In these difficult times, we can show compassion for one another. Maybe that looks like letting someone over in the line of traffic or smiling at a stranger. We can strengthen our community by extending grace to others.

Empathy is a
strength!
